## RENOVATOR RANGE

Burner One

Firebox 900DB

Firebox 650SQ

Beautiful to behold, architecturally flexible and environmentally friendly – the EcoSmart™ Fire has revolutionized the possibilities of open fireplaces. Choose from the free-standing Designer range, the EcoSmart™ Burner One, the Grate range or the Renovator range that can be used in almost any application.

Fueled by renewable energy (denatured ethanol), the EcoSmart™ Fire does not require a flue or a fuel connection and is virtually maintenance free. Available exclusively at Natural Stone Warehouse, the EcoSmart™ Fire makes the perfect partner for natural stone interiors.
